## THE WA HEALTH PROMOTING SCHOOLS ASSOCIATION INVITES YOU TO JOIN OUR EXECUTIVE COMMITTEE

### TESTIMONIAL - SALLY BLANE, CANCER COUNCIL WA

*"I was involved with the WAHPSA Exec Committee for about 8 years, from 2012 to 2020. I was relatively new to a career in public health at that time, having stepped out of a classroom teaching job.*

*Contributing to a committee takes your time and energy, but the skills, friendships, knowledge and joy you get in return is priceless.*

*The duties I carried out were, and continue to be, incredibly valuable to all aspects of my work. My first role was as Treasurer, so I picked up budgeting and financial management. I was also President and Vice President which meant I picked up skills including strategic and operational planning, compliance (I became very familiar with constitutions), recruitment (we had a paid executive officer then), website development, communications, grant applications, coordinating committees, and so much more.*

*Most importantly, my time on the WAHPSA committee has given me professional connections and friendships - something I'll always cherish. The cause of improving the health of our young people through engaging with schools is one I'm passionate about, and I was grateful to WAHPSA to allow me to indulge in this."*
